The best recommendation. Funk.

Funk is one of the leading insurance brokers and risk consultants in Germany and Europe. We give companies and decision-makers the best recommendation when it comes to insurance management, risk consulting and employee benefit solutions. Our holistic perspective as a system provider for risk solutions combines the traditional capabilities of a technical insurance broker with the services of a modern consultancy firm. With 35 offices and our international network "The Funk Alliance" we protect the assets of our clients worldwide.
