The best recommendation. Funk.

Funk is the largest independent family-run insurance broker and risk consultant in Germany and is a leading broker firm in Europe. We give companies and decision-makers the best recommendation when it comes to insurance management, risk consulting and employee benefit solutions. Our holistic perspective as a system provider for risk solutions combines the traditional capabilities of a technical insurance broker with the services of a modern consultancy firm. With 36 offices and our international network "The Funk Alliance" we protect the assets of our clients worldwide.
